SYSTEM CONFIGURATION

OS	Windows® XP / Windows® Vista or Windows® 7	
CPU	*Minimum:*	Intel® P4 1.8GHz or AMD Athlon™ XP 2200+
	Recommended:	Intel® Core™2 Duo or AMD Athlon™ 64, 2.8GHz
RAM	*Minimum:*	512Mb
	Recommended:	2Gb
Graphics Card	*Minimum:*	ATI X1300 or NVIDIA® GeForce FX 5800 with 256Mb RAM
	Recommended:	ATI HD 2900 or NVIDIA® GeForce 8800
Sound Card	100% DirectX® 9.0c compatible audio device	
DVD-ROM	DVD-ROM drive	
Input Device	Keyboard and mouse; Xbox 360 Controller for Windows supported	

DirectX®

Microsoft DirectX® 9.0c (August 2007) is included on this disc. You will be prompted to install DirectX® during the installation of this game if this or a more recent version is not already properly installed on your system.

- DirectX® may require the "latest" updates for your operating system. This may also include the latest drivers for your motherboard, sound and video hardware.

INSTALLATION

To install **LEGO Harry Potter™: Years 1-4**, insert the DVD into your computer's DVD-ROM drive. If you have Autorun enabled on your computer, installation will begin.

- If you do not have Autorun enabled, open My Computer from either your desktop or the START Menu and double-click on the DVD-ROM drive showing the LEGO Harry Potter icon. Double-click the program icon to start installation.

Once installation begins, a series of on-screen instructions will guide you through the rest of the procedure. If you are experience problems with the installation, read the Troubleshooting guide on the Disc.

- We recommend closing all background applications and turning off any virus scanning software before beginning installation.
- Some of the information in this manual may have changed prior to the game's release. If any information you are looking for does not appear correct, please refer to the ReadMe file.

GAMES FOR WINDOWS – LIVE

Play online for free! With Games for Windows–LIVE, you can build your profile, play online, chat with friends, see your friends' games and activities, and track gaming achievements across all Games for Windows–LIVE games. Plus, you can download game content from Games for Windows–LIVE Marketplace. Get connected and join the PC gaming revolution!

Connecting to LIVE

To connect to Games for Windows–LIVE, you need a high-speed Internet connection and a gamertag. If you already have a gamertag, you have what you need to connect to Games for Windows–LIVE. If you don't have one, you can get one for free. For more information, including availability in your region, go to **www.gamesforwindows.com/live**.

Family Settings

Windows Parental Controls (Vista and Windows 7) enable parents and guardians to restrict access to mature-rated games and set time limits on how long they can play. Family settings in Games for Windows–LIVE enable parents and guardians to approve who and how your family interacts with others online with the LIVE service. For more information, go to **www.gamesforwindows.com/live/familysettings**.

Main Menu

Use the **A / D / W / S keys** or L / ◯ to navigate the menus, press the **U key** or A to confirm your selection.

New Game

When you begin a new game of **LEGO Harry Potter™: Years 1-4**, you'll be taken straight into Harry's world—starting with his dramatic arrival at Number Four, Privet Drive.

Soon, you'll be collecting your school supplies from Diagon Alley, making your way to platform nine and three-quarters, and travelling to Hogwarts School of Witchcraft and Wizardry aboard the Hogwarts Express.

Load Game

Choose **Load Game** to continue a previously saved game.

LHP_G4W_MANUAL_UK.indd 6-7 27/05/2010 18:59

HOGWARTS™ SCHOOL OF WITCHCRAFT AND WIZARDRY

Lessons

Just like any other young witch or wizard, you'll need to attend lessons in order to learn new spells and magical abilities. When you arrive at Hogwarts, find Nearly Headless Nick (who will guide you around Hogwarts).

Whenever you complete a lesson, a token will appear on screen. Once collected, these tokens allow you to use the spells and magic abilities you've learned. A new spell or ability may enable you to interact with (or cast on) objects that you couldn't before, and reach inaccessible areas. To explore Hogwarts in its entirety, you'll need to unlock a wide range of abilities and spell tokens. Keep attending lessons and, before long, you may know almost as much as Hermione!

Story Events

During each school year, you'll be required to play through a series of Story Events, which capture your favorite moments from the ***Harry Potter***™ stories—such as the mountain troll fight in the girls' toilets and Harry's discovery of the dark and mysterious Chamber of Secrets™. To complete a Story Event, you'll need to use the spells and magical abilities you've learned during the course of the game.

Once a Story Event has been completed, you can replay the Story Event or play the event in Free Play Mode. To do so, go to the Leaky Cauldron noticeboard.

You can leave Hogwarts and return to the Leaky Cauldron at any time. To do so, simply pause the game by pressing the **Enter key** or START and select **The Leaky Cauldron.**

LHP_G4W_MANUAL_UK.indd 8-9 27/05/2010 19:00

Polyjuice Potion Cauldrons

Once you've learned how to brew the Polyjuice Potion, you'll be able to use the gold Polyjuice Potion cauldrons scattered around Hogwarts to change into characters that you've unlocked or purchased.

To switch characters, walk up to a gold cauldron and drink the potion by pressing the **J key** or B. Then use the **A / D / W / S keys** or L / ◌ to select the character you want to change into and press the **U key** or A. The spells and magical abilities of the character will automatically become available to you.

THE LEAKY CAULDRON

Once inside the Leaky Cauldron, you'll be able to replay previously completed levels, return to Hogwarts, or access Diagon Alley.

Go to Hogwarts

To return to Hogwarts and continue your current game, go through the door leading to Muggle London.

Leaky Cauldron Noticeboard

To replay a level that you've already completed, go to the noticeboard in the Leaky Cauldron. The noticeboard will display the levels that you have already completed. Use the **A / D / W / S keys** or L / ◌ to highlight the level you want to play again and press the **U key** or A to select it.

Free Play Mode

Selecting **Free Play** Mode enables you to play levels with a large group of characters—and gives you the opportunity to use their unique spells and abilities to unlock and access new areas.

Go to Diagon Alley

To access Diagon Alley, walk through the door that leads to the magical brick wall.

LHP_G4W_MANUAL_UK.indd 10-11 27/05/2010 19:00

DIAGON ALLEY

Diagon Alley is the place for all your wizarding needs.

Eeylops Owl Emporium

Red Bricks are delivered to Eeylops once they have been posted via Owl Post. You'll be able to purchase the Red Brick extras displayed in the emporium using LEGO studs.

Wiseacre's Wizarding Equipment

If you visit Wiseacre's Wizarding Equipment, you will be able to view and purchase all the spells you have collected so far. Purchasing unlocked spells with LEGO studs will add them to your spell list (although purchased spells will only be available to certain characters). In some instances, purchased spells will upgrade your existing spells.

If you visit the upper level of Wiseacre's Wizarding Equipment, you'll be able to access the cheat code entry area. If you have a cheat code you can enter it here and see what it unlocks.

Madam Malkin's Robes for All Occasions (Character Customizer)

Provided you've collected the relevant token and have enough studs, you'll be able to purchase characters from Madam Malkin's Robes for All Occasions.

You can also customise your characters in Madam Malkin's by walking them into one of the upstairs changing rooms. Use the **A / D / W / S keys** or **L** / ◯ to select the character part you wish to change, and to cycle through the available replacement parts.

The more characters you purchase, the more LEGO accessories will become available to you.

To play as a customised character, you will need to activate a gold Polyjuice Potion cauldron and select the relevant character from the character list.

LHP_G4W_MANUAL_UK.indd 12-13 27/05/2010 19:01

Gringotts Bank (LEGO Builder)

Enter Gringotts Bank and discover the LEGO Builder.

Deep inside Gringotts, you will find locked vaults. These vaults may be unlocked individually provided you have enough Gold Bricks to build their doors. Once you've opened a vault, you'll find a Portkey—which will transport you to a unique LEGO Builder level.

Within each LEGO Builder level, you'll find a set of LEGO objects. By completing a task successfully, you'll be able to unlock these—and other bonus LEGO objects—and use them to build your own creations within the level.

Unlocking and completing LEGO Builder tasks will increase the number of LEGO objects in your collection.

ON-SCREEN INFORMATION

There are many different characters that you can control while you're at Hogwarts; you'll see an icon of the character you're currently playing as displayed at the top of the screen.

The number of LEGO studs you've collected is displayed next to your character's icon. You can use LEGO studs to unlock extras, characters and Gold Bricks, as well as spells.

Whenever studs are collected, the True Wizard bar will appear on screen and start to fill up. If you fill the bar for each level, you'll receive a special bonus!

SPELLS AND MAGICAL ABILITIES

Tagging Characters

To tag other characters, press the **K key** or **Y**. Switching between characters allows you to use each character's unique abilities—enabling you to explore Hogwarts and complete Story Events.

LHP_G4W_MANUAL_UK.indd 14-15 27/05/2010 19:01

Spell-its

Gone are the days when LEGO bricks needed to be built by hand! Once you have your wand, you can stand next to piles of twinkling, jiggling, LEGO bricks and press and hold the **J key** or B to make the bricks magically build themselves.

Spell-casting

To cast a non-specific spell, press the **H key** or X. To cast the spell or access the ability currently selected on the Spell Wheel, press the **J key** or B.

If you want to choose a specific spell or ability, press and hold the **K key** or Y to bring up the Spell Wheel. While holding down the **K key** or Y, you can move round the Spell Wheel using the **A / D / W / S keys** or L / ◯. Highlight the spell or ability you require, then let go of the **K key** or Y. You will now be able to cast the selected spell or access the selected ability.

- To target a specific object with a spell or weapon, press and hold the **H key** or X, and use the on-screen indicator to highlight it. When the object is highlighted, release the **H key** or X to cast.
- To cast ***Wingardium Leviosa***, target the object with the on-screen indicator and keep the **H key** or X held down.
- Although Muggles and Squibs cannot perform magic, you can make them bash objects by pressing the **H key** or X.

Special Abilities

Certain characters have special abilities. Once these abilities are learned or unlocked, they will be added to that character's Spell Wheel.

Pet Abilities

Some characters, such as Ron Weasley™, can use their pets to complete puzzles. For example, while playing as Ron, you can select the Pet Ability from the Spell Wheel to take control of his pet rat, Scabbers™ (who will be able to climb inside small pipes and reach previously inaccessible items or areas).

Invisibility Cloak

Once he has received it, Harry can use the Invisibility Cloak to sneak past Prefects and teachers. To put on the Cloak, select the **Cloak Icon** from the Spell Wheel. Remember: wearing the Cloak will limit Harry's movements and available abilities.

LHP_G4W_MANUAL_UK.indd 16-17 27/05/2010 19:02

Dig Ability

Certain characters will be able to dig up LEGO objects. To start digging, stand your character over the Paw Prints that will appear above certain patches and press and hold the **H key** or X.

Potion Cauldrons

As you move through the game, you will come across black potion cauldrons with ingredient icons orbiting their rims. Adding all of the correct ingredients to a cauldron will cause it to bubble over and the relevant potion to become available. Be careful! Incorrectly brewed potions can have unpredictable side effects. If you don't use the correct ingredients, you'll have to face the consequences!

- If you find a potion ingredient, you can pick it up by pressing the **J key** or B.
- To place a potion ingredient in a cauldron, stand close to the cauldron and press the **J key** or B.
- To drink a potion, stand next to a bubbling cauldron and press the **J key** or B.

ITEMS

LEGO Studs

LEGO studs are the currency of **LEGO Harry Potter™: Years 1-4.** They come in three values:

- silver (adds 10 to your stud total),
- gold (adds 100 to your stud total) and
- blue (adds 1,000 to your stud total).

You can use studs to unlock new characters, spells, Red Brick extras, and Gold Bricks.

Hogwarts Crests

Hogwarts crest pieces will be awarded to you for solving puzzles and accessing hidden areas within Story Events. When you obtain four crest pieces from a particular level, the pieces will join together and form a large Hogwarts crest. Completing a crest will result in a Gold Brick reward.

Spell and Ability Tokens

Tokens give the player new spells and abilities, or upgrade previously learned spells. Some tokens will unlock automatically; others must be purchased from **Wiseacre's Wizarding Equipment** with LEGO studs.

LHP_G4W_MANUAL_UK.indd 18-19 27/05/2010 19:02

Character Tokens

During the course of the game, you may come across hidden character tokens. Once a character token has been found, the relevant character will become available in **Madam Malkin's Robes for All Occasions** in Diagon Alley and the player can purchase them using studs.

Students in Peril

Be on the lookout for unfortunate students who may have got themselves into a spot of bother. Helping these students will reward you with a Gold Brick.

Red Bricks

Red Bricks allow you to activate special extras—which you can use to help you progress through the game. Whenever you find a Red Brick, you must send it to **Eeylops Owl Emporium** in Diagon Alley using Owl Post.

To post a Red Brick, walk up to it and press the **J key** or B. Then carry it to the nearest owl perch and press the **J key** or B.

Once a Red Brick has been delivered to **Eeylops Owl Emporium**, you can purchase it with studs. To activate an unlocked brick, press **Enter** or START (to pause the game) and then select **Extras**. Highlight the extra you want to use from the available list, press the **U key** or A, and toggle to turn the extra on or off.

Gold Bricks

Gold Bricks can be used to unlock rewards and bonus content. Gold Bricks are awarded for completing puzzles and tasks during lessons and Story Events, but additional Gold Bricks can be purchased (using LEGO studs) from the ground floor of **Eeylops Owl Emporium**.

True Wizard Bar

Collect LEGO studs in each area of **LEGO Harry Potter™: Years 1-4** to fill up the True Wizard Bar. If you manage to fill the bar with studs before the end of the level, you'll be rewarded with a Gold Brick.

Super Kits

As you collect Hogwarts crest pieces in each year, you will be rewarded with a Super Kit piece which will be added to the cellar in the Leaky Cauldron. Collect all 24 crest pieces and you will be able to build a Super Kit to mark your achievement.

LHP_G4W_MANUAL_UK.indd 20-21 27/05/2010 19:03

PAUSE MENU

Press **Enter** or START during gameplay to freeze the game and access the Pause Menu. Use the **W / S keys** or L / ◯ to navigate the Pause Menu. Press the **U key** or A to confirm your selection, and press the **J key** or B to go back a step.

- **RESUME** Return to gameplay.
- **OPTIONS** Change in-game sound effects, display settings and music volumes.
- **EXTRAS** Activate or deactivate Red Brick Extras.
- **EXIT** Depending upon where you are in the **LEGO Harry Potter™: Years 1-4** videogame, you may choose to exit to one or all of the following:
  - **Return to Hogwarts** Allows you to exit any Story Event and return to Hogwarts castle.
  - **Exit to the Leaky Cauldron** Will return you to the Leaky Cauldron (where you can select different game modes, visit the Diagon Alley shops, or explore Gringotts Bank).
  - **Quit Game** Will return you to the Main Menu.
  - **Save and Exit** In Free Play and Replay Mode, this option saves your progress as you exit a level—allowing you to save items you have collected without having to complete the level in its entirety.
